

STEAM ACTIVITY SHEET

All about crayons!

Fun Crayon Facts:

1. Crayola produces 3 billion crayons a year
3. Each box of crayon has three languages on them and they are English, Spanish, and French
4. The average child spends about 30 minutes each day coloring
5. American Gothic artist Grant Wood entered a Crayola sponsored drawing competition and came in third place, he later credited this win for encouraging him to stick with his art career
6. Leftover crayons are called "Leftolas"
7. Red and blue are the two most popular crayon colors
8. The world's largest crayon is 15 feet high, 16 inches wide, 500 pounds, and blue
